

# Compliance and Monitoring Made Simple

OneVue Monitor Software, with on-demand reports, customized alerts, and bank-grade security.

Temperature Sensor

Temperature Probes:  
standard and cryo,  
available with thermal  
buffering

Contact Closure Sensor

Contact Closure Detector

Water Leak Sensor

Water Leak Detector

Temperature  
and Humidity Sensor

Differential  
Pressure Sensor

| Type of Monitoring            | Where Used   | Why Used  | Consequence if no Solution   |
|-------------------------------|--|---|--|
| <b>Temperature</b>            | <ul style="list-style-type: none"> <li>Refrigerators, freezers or warming devices</li> <li>Vaccines</li> <li>Medication</li> <li>Nutritionals</li> <li>Food</li> <li>Blood</li> <li>Blanket warmers</li> </ul> | <ul style="list-style-type: none"> <li>Increased compliance and eliminate manual recording and tracking of temperatures</li> <li>Prevent loss of costly inventories</li> <li>Increase patient safety via properly stored assets</li> <li>Continuous monitoring for locations not staffed 24/7</li> </ul>  | <ul style="list-style-type: none"> <li>Loss of costly assets (medication, organs/tissues, blood)</li> <li>Patient and staff discomfort</li> <li>Loss of clinician focus; patient care risk</li> <li>Lowered HCAHPS (US) and CPES-IC (Canada) scores</li> </ul> |
| <b>Temperature / Humidity</b> | <ul style="list-style-type: none"> <li>Operating rooms</li> <li>Isolation rooms</li> <li>Patient rooms</li> <li>Dry goods storage</li> <li>IT data center</li> <li>Compound pharmacies</li> </ul>              | <ul style="list-style-type: none"> <li>Positively affect patient comfort, satisfaction and, ultimately, HCAHPS* scores</li> <li>High humidity, high moisture breeds bacteria</li> <li>Low humidity can create static and risk to patients and equipment</li> </ul>  | <ul style="list-style-type: none"> <li>Patient and staff discomfort</li> <li>Lowered satisfaction</li> <li>Lowered HCAHPS (US) and CPES-IC (Canada) scores</li> <li>Compromised valuable assets</li> </ul>   |
| <b>Differential Pressure</b>  | <ul style="list-style-type: none"> <li>Operating rooms</li> <li>Isolation rooms</li> <li>Construction projects</li> <li>Clean rooms</li> <li>Compound pharmacies</li> </ul>                                    | <ul style="list-style-type: none"> <li>Detect slightest changes in air pressure that could affect patient safety</li> <li>Help prevent the spread of airborne contaminants</li> <li>Control risk of spreading infection in operating rooms and isolation areas</li> <li>Confirm safety in labs or compounding pharmacies</li> </ul>                     | <ul style="list-style-type: none"> <li>Compromised OR and recovery suites</li> <li>Delayed surgeries; dissatisfied patients, family and caregivers</li> <li>Schedule/staffing adjustments</li> </ul>   |
| <b>Water Leak</b>             | <ul style="list-style-type: none"> <li>Environmental Control units</li> <li>Heating &amp; A/C</li> <li>Ventilation</li> <li>Plumbing</li> <li>Data Centers</li> <li>Fire sprinkler stacks</li> </ul>           | <ul style="list-style-type: none"> <li>Early detection of leaks in inaccessible or unattended areas</li> <li>Preventative alerts to help minimize damage, lost revenue and contamination</li> <li>Prevent contagion risks from standing water</li> </ul>  | <ul style="list-style-type: none"> <li>Loss of use patient room(s)</li> <li>Loss of treatment areas or surgical rooms</li> <li>HVAC equipment malfunction</li> </ul>   |
| <b>Contact Closure</b>        | <ul style="list-style-type: none"> <li>Medication Cabinets</li> <li>Doors</li> <li>Windows</li> <li>Elevators</li> <li>Refrigerators</li> </ul>  | <ul style="list-style-type: none"> <li>Monitor traffic/access to areas of non-urgent alarm needs</li> <li>Open doors and windows enable patients to enter unattended or areas</li> <li>Prevent improper movement throughout facility; minimize potential patient harm</li> <li>Open cabinets can also lead to stolen/missing valuable assets</li> </ul> | <ul style="list-style-type: none"> <li>Patient Harm; potential lawsuits</li> <li>Delayed or canceled patient care</li> <li>Loss of equipment and valuable assets</li> </ul>  |

Dual Water Leak/Contact Closure monitors are also available.
